Fixed Line Operations - Greece Overview

- OTE is the Greek incumbent and remains the leading operator in the country, with 3.5 million lines
- Instrumental in raising Greek broadband penetration closer to EU average
- Actively developing new technologies and solutions (IPTV, Satellite TV, VoD, VoIP) to partly offset the decline in traditional voice products
- Adverse regulatory and competitive environment continuing to affect Greek fixed-line
- Macro environment significantly impacting the company's performance
- Taking actions aimed at systematically attacking stifling legacy costs

** Including voice-only offers

- Growth of total broadband market slowing down: 2.7mn subscribers, only 42,000 net adds in Q3'11
- OTE retail market share down to approx. 41%
- Approximately 103,000 line disconnections in Q3'11 driven by deteriorating economic conditions and voice-only LLU offers
- In Q3'11, roughly 50% of lines lost by OTE were not substituted with LLU
- Pricing inflexibility hampering OTE competitiveness, more so as the economic environment deteriorates

Revenues* (€ mn)

EBITDA & margin* (€ mn)

* Including Germanos' contribution

- In markets that remain depressed and fiercely competitive, the Group's mobile operations strengthened their positions in all four countries
- Greece: sharp slowdown in Q3 revenue decline reflects gradual stabilization of Greek mobile market despite unfavorable economic and consumer spending conditions
- Romania: with service revenues up approximately 7.0%, Cosmote Romania retained its market share despite intense competition, notably in prepaid
- Albania: AMC revenues once again affected by implementation of lower local and international termination rates
- Bulgaria: Globul postpaid customer base up 14% from Q3'10 to over 2.5 million, or 60.8% of its total customer base

Strategy: Increase profitability through leadership in Brand Equity, leverage on sustainable non-price differentiators

Our key commitments over the past year

Build “One Group”

- ✓ Reshape our Group organizational structure to improve coordination and efficiency
- ✓ Adopt at Group level the successful best practices developed in mobile

Enhance Customer Experience

- ✓ Optimize the retail channel
- ✓ Consolidated Call Centers
- ✓ Improve customer experience at every contact point and focus on customer retention

Personnel Cost Rationalization

- ✓ Focus on reducing excessively high legacy cost base
- ✓ Workforce management: Optimize service provisioning, increase productivity through effective use of data, quality assurance processes

Other Opex Reduction

- ✓ Scrutinize every cost line

Delivering on our promises - One Group

- ✓ February 2011 - Organizational and managerial changes at Group level:
 - New management team announced in mid-February, next management line reorganization in August
 - Group-oriented approach: For the first time, executives are in charge of key operations at Group level
 - COO
 - CFO
 - Director of Customer Service
 - Chief Information Technology Officer
 - Closer integration between fixed & mobile in Greece & Romania
 - Exchange of best practices, exploitation of synergies

Delivering on our promises - Customer experience

- ✓ **August 2011 - Optimization of Retail Channels & Consolidation of Call Centers**
 - Decision to close more than 70 shops and more than 60 Points-of-Service, while enhancing sales and service levels
 - Launch of a systematic store refurbishment program for all other stores - at 2011 year end, 35 retail outlets out of a network of 135 units will have been adapted to the new format, with the balance expected to be renovated in 2012
 - Optimize structure of call centers - a single customer care number operating 24/7, deactivation of low volume centers
 - A single internet portal for all OTE audiences
 - Easy-to-read, customer friendly bills

Delivering on our promises - Cost reduction

Personnel Cost Rationalization:

- ✓ February 2011 - Employee cost-containment measures in Greek fixed line operations (€ 32mn annual cost savings):
 - Reduction in the allowances of mid-level management
 - Drastic reduction of overtime
 - Reduction of various extra payments related to debt collection, accounting
 - Elimination of various allowances which no longer reflect economic reality

- ✓ September 2011 - Agreement with the Union in Greek fixed line operations (€160mn cost savings within 2012 - 2014):

OTE reached an agreement with the Unions on the framework of a 3-year Collective Labour Agreement . The basic terms include the following:

 - Ensuring employment for OTE's personnel for the duration of the Agreement
 - Reduction of personnel costs (Salary grades will be reduced by approximately 11% for a period of three years)
 - Reduction of weekly working hours (Full working time will be adjusted to 35 hours per week)

Delivering on our promises - Cost reduction

Scrutinize every cost line:

- ✓ Network maintenance contracts
- ✓ Marketing
- ✓ Printing
- ✓ Electricity
- ✓ Fleet Management
- ✓ Contractors (through procurement)
- ✓ Real estate

We are scrutinizing our cost base to maximize efficiency. We are committed to intensifying these efforts in all areas under our control to curtail the impact of the crisis on our performance

OTE Group Revenue Trends

Revenue evolution (Q3'11 compared to Q3'10)

- The OTE Group experienced a revenue drop of 5.8% in Q3'11, continuing the improving trend started in the previous quarter. The sharp slowdown in revenue decline reflects the:
 - ✓ gradual stabilization of market conditions in Greek mobile operations
 - ✓ slight improvement in the Greek fixed-line business
 - ✓ increase in other revenues, stemming from higher sales to entities outside OTE Group
- RomTelecom revenues dropped by 11.8% reflecting change in accounting and commercial policy, intense competition

OTE Group EBITDA Trends

Pro forma EBITDA evolution (Q3'11 compared to Q3'10)

- Reflecting tight cost-control, the Group pro forma EBITDA margin (35.7%) was roughly unchanged from the Q3'10 level (35.8%), following two quarters of significant margin erosion.
- In Greek-fixed business, total personnel-related costs (payroll, benefits, staff retirement indemnities and youth account) rose to 34.1% of total revenues in Q3'11, up from 32.4% in the comparable quarter last year, but lower compared to Q2'11 of 37.2%.
- Cosmote Greece: The 1% drop in EBITDA reflects strong cost-control across the board, including lower payroll and selling and distribution expenses
- Cosmote Bulgaria: Operating expenses were up 7.6%, mainly due to higher handset sales. Despite savings in other expense categories, EBITDA decreased by 5.5% in the quarter
- Cosmote Romania: EBITDA increased by approximately 27% compared to the same quarter last year

OTE Group Net Result Trends

Net Result evolution (Q3'11 compared to Q3'10)

- The Group posted net income of €104.4mn for the quarter compared to net income of €126.3mn in Q3'10, largely reflecting the decline in operating income
- Net financial expenses were €71.3mn in the quarter, up from €59.3mn in the comparable quarter last year, due to higher interest expense and FX translation
- In Q3'11, a charge of €3.7mn was included under voluntary retirement costs reflecting receipt by OTE of definitive notification from the Ministry of Labor concerning the actuarial studies related to the company's 2009 early retirement program. This charge extinguishes all claims relative to this program
- Income tax dropped in the quarter amounting to €31.5mn from €46.2mn a year ago

OTE Group Cash Flow Trends

Operating Free Cash Flow Evolution

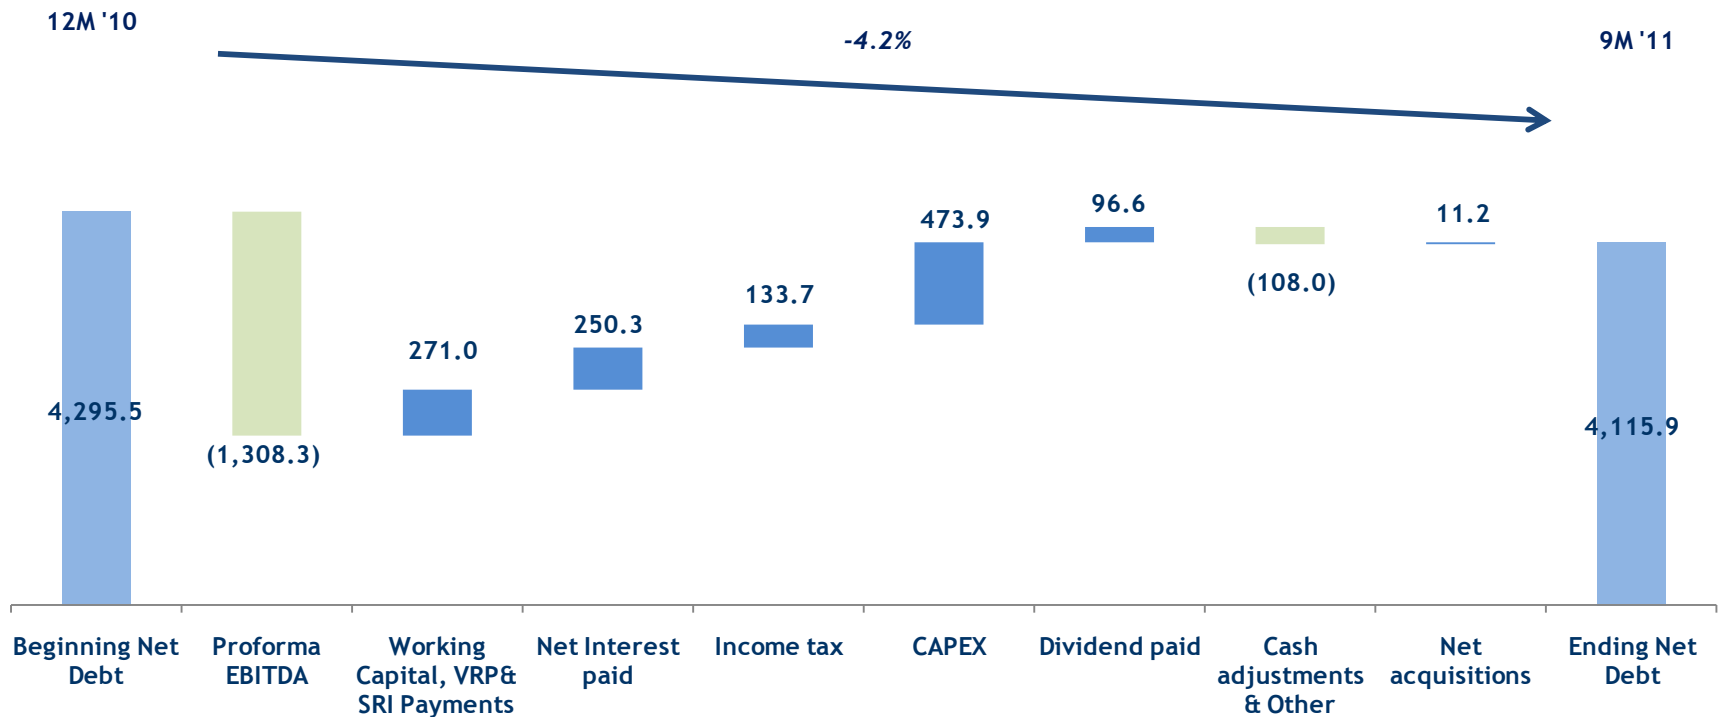

- Net Operating Cash flow was €318.6mn in Q3'11 compared to €300.2mn in Q3'10, despite lower profitability, mainly as a result of tight control over all working capital elements
- Capital expenditure increased by 1.0% in Q3'11, to €171.0mn . An outlay of €15.1mn for the acquisition of a 3G license in Albania is included in the quarter; excluding this item, Group CAPEX as a percentage of revenues declined to 11.9%
- Free cash flow generation affected by lower profitability

Notes: *EBITDA excluding impact of Greek VRP & provisions related to other employee exit programs
FCF defined as EBITDA less CAPEX

**2009 figures adjusted due to change in accounting policy
